PIONEER MSCA Doctoral Networks 2027 Internal Matchmaking Event

20 NOVEMBER 2026 | 10:00–12:30 CET | ONLINE

Five emerging MSCA Doctoral Network proposals are taking shape across PIONEER and they are looking for the right expertise to strengthen their consortia.

Join the first PIONEER internal matchmaking event to meet the project leaders, discover the research ideas and explore where your expertise could contribute.

Objectives

- Complete the pre-identified Doctoral Network projects consortia with the existing scientific expertise among PIONEER.
- Strengthen consortium composition and build more competitive proposals for the 2027 MSCA Doctoral Networks call.

Who should attend

This event is is open to all researchers from PIONEER partner institutions interested in joining a 2027 MSCA Doctoral Network consortium.

Current project areas: Economic Sciences • Information Science & Engineering • Environmental & Geosciences • Physics • Social Sciences & Humanities

If your work connects with one of these areas – including through an interdisciplinary perspective – we encourage you to join.

Agenda

10:00	**Welcome & introduction from the PIONEER Grant support Team**	10 min
10:10	**Project pitches from project leaders who are involved in a Doctoral Network consortium**	10 min per proposal
11:00	**Small virtual rooms (one room per project): exchange of interests, discussion, Q&A and concept-note development**	75 min
12:15	**Plenary wrap-up & next steps**	15 min

Please register by 13 November 2026
